Trainer Registration

When a Trainer is assigned to a Horse, it will automatically display them as a Trainer on their FEI profile.

When the registration of a Trainer expires, a **Renew reg.** link is provided close to the name to allow you to renew the Endurance Trainer registration for the current year.

If the selected person's Trainer registration is not valid or up to date, clicking on the **Renew reg.** link enables the NF to renew or validate the registration as an Endurance Trainer for the current year.

Very shortly National Federations will be able to add, change, modify Trainers directly on the Horse's profile via the FEI Database.

When National Federations renew the annual registration of an Endurance Horse they will be given the choice to keep the same Trainer or change the information accordingly.

Entry File

The Endurance entry file has been improved to let you specify the Name and FEI ID of each Horse's Trainer. A check will be performed during the upload phase to verify if each Trainer present in the entry list is a registered endurance Trainer for the event's year.

A Trainer with a valid registration will be displayed below the Horse's name in the entry list:

<input type="radio"/>	BOOTH Anne (GBR)	GBR	10067902	Contact Info				Delete	Comment	Log
	RASSAM Trainer: BOOTH Anne		102XZ43	Box Info & Trainer				Delete	Comment	Log

A Trainer or a person without a valid Trainer registration will be displayed below the Horse's name with a **Renew reg.** link allowing the NF to renew or activate the Trainer registration:

	ZAYIN ENCANTADO Trainer: BEET Alice Renew reg.		104HS53	Box Info & Trainer				Delete	Comment	Log

If no Trainer is specified for a horse, the link **Click here to specify** will be displayed below the Horse's name allowing the NF to specify who the Trainer is:
